Nasdaq

Nasdaq Basic U.S.

Cost-efficient real-time market data for all U.S. exchange-listed securities

For firms looking to save on U.S. data costs, Nasdaq Basic is the leading exchange–provided alternative for U.S. topline trade information, providing quotes and trades for all listed securities (regardless of where they are listed) at a fraction of the cost of consolidated alternatives. This data comes with a high grade of coverage, accuracy, and liquidity — and switching from a current provider is a simple and streamlined process.

Enhance Your Basic Display with NLS Plus

In addition to the real-time data for Nasdaq and the FINRA/Nasdaq TRF that is already included in Basic, NLS Plus offers real-time trade-by-trade data from Nasdaq TX℠ (NTX℠) and Nasdaq PSX℠ (PSX℠) trading venues. The NLS Plus feed also carries consolidated volume on a real-time basis for Nasdaq-listed securities, as well as, NYSE-, NYSE American, NYSE Arca- and other U.S. regional exchange-listed securities. By combining all Nasdaq U.S. markets' last sale data with consolidated volume, NLS Plus provides customers with a comprehensive yet affordable data set to use in display products.
