3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

Nasdaq's INET Facility currently operates using a 200,000 share maximum single order limit for orders sent to the New York Stock Exchange's DOT system.. For all other orders, INET applies a 999,999 share single order maximum share amount. Nasdaq proposes to codify for its INET Facility a maximum single order share amount standard for all orders of 999,999 shares, the same share number maximum already in place in the Nasdaq Market Center.<sup>3</sup> The proposed rule change will ensure that the INET system provides an adequate and uniform capability to accept large-size orders as well as reduce

<sup>3</sup> See NASD Rule 4706(d)(1).

technological complexity for Nasdaq and users of its systems by enhancing the degree of uniformity among single order share maximums across its systems.<sup>4</sup>

b. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 15A of the Act,<sup>5</sup> in general and with Section 15A(b)(6) of the Act,<sup>6</sup> in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, remove impediments to a free and open market and a national market system, and, in general, to protect investors and the public interest.

4. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

6. Extension of Time Period for Commission Action

Nasdaq does not consent at this time to an extension of the time period for Commission action specified in Section 19(b)(2) of the Act.

<sup>6</sup> 15 U.S.C. 78o-3(b)(6).

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

Pursuant to Section 19(b)(3)(A) of the Act<sup>7</sup> and Rule 19b-4(f)(6) thereunder<sup>8</sup>, Nasdaq has designated this proposal as one that effects a change that (A) does not significantly affect the protection of investors or the public interest; (B) does not impose any significant burden on competition; and (C) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. Nasdaq provided the Commission written notice of its intent to file the proposal at least five days prior to the date of filing the proposed rule change, and Nasdaq requests that the Commission waive the 30-day pre-operative waiting period contained in Exchange Act Rule 19b-4(f)(6)(iii).<sup>3</sup> If such a waiver is granted by the Commission, this rule proposal, which is effective upon filing with the Commission, shall become immediately operative pursuant to SEC Rule 19b-4(f)(6). Nasdaq believes that waiver of the pre-operative period will ensure that INET users have the beneficial capability to enter larger size orders as soon as practicable.
