

Nasdaq Derivatives Academy: Options trading for private investors

Powered by Enspiri

Learn the fundamentals to take your first steps in derivatives trading

Options trading for private investors is a tailored-made course aimed for private investors, covering all the basics you need to know about derivatives. The course offers insights on how to utilize standardized equity and index options, giving you the opportunity to invest and generate income in all market conditions while also controlling your risk exposure. After completing the course and passing the exam, you will have the knowledge required to make your first derivatives trade.

Key Benefits

E-learning Available 24/7

Learn derivatives online at your own pace. Enroll in the course and access all the educational content on demand for full flexibility and control over your learning path.

Learn from the Experts

Our partner instructor is a recognized professional with many years of derivative trading experience, offering comprehensive knowledge and practical understanding.

About Enspiri

Enspiri AB (Enspiri) is a firm specialized in education and derivatives for both professional and retail investors, and is founded by Carl Björkegren. Carl has worked professionally within the financial service industry since 1994 and has a proven track record of trading and investing with derivatives. His long career extends from trading in derivatives at one of the world's largest investment banks and several Nordic banks and brokers, which has given him invaluable knowledge and experience, which he shares in this course.
