1 INTRODUCTION

- 1.1 The Clearinghouse provides Clearing of Exchange Transactions, Third Party Exchange Transactions and Non Exchange Transactions in Exchange Listed Products and Clearing Listed Products, and is authorised to conduct Clearing activities as set out herein.
- 1.2 Clearing implies that the Clearinghouse enters into a Transaction as central counterparty by registering the Transaction on the Clearing Accounts of the involved Account Holders, as further described in Section 4.1 of these General Terms. Account Holders are allocated Clearing Accounts with the Clearinghouse in their own names for recording of Clearing Transactions.
- 1.3 The Clearing Rules are a set of private law agreements applying to the Clearinghouse and Account Holders in respect of Clearing and related activities, and apply to Clearing of the Exchange Listed Products and Clearing Listed Products as specified in the Contract Specifications (and directly related activities), but not to any other products or services of the Clearinghouse. The Clearing Rules are, in respect of each Account Holder, supplemented by the relevant Clearing Agreements entered into by that Account Holder.
- 1.4 These General Terms are supplemented by the relevant Clearing Appendices and the Clearing Agreements. The Contract Specifications shall prevail in case of conflict.
- 1.5 These Clearing Rules and all Clearing Transactions entered into pursuant to these Clearing Rules form part of a Security Settlement System under Norwegian Law pursuant to the Norwegian Payment Systems Act of 17 December 1999 no 95 (implementing EU Directive 98/26/EC on Settlement Finality in Payment and Securities Systems), as may be amended from time to time. A business day under the Security Settlement System is defined as 00:00 CET – 24:00 CET on a Bank Day.
- 1.6 Where a Transaction is subject to clearing at the Clearinghouse pursuant to both the Clearing Rules and the FIN Clearing Rules (e.g. it originated from one order placed with the Exchange, and one order placed with the Co-Operating Exchange), Registration of such Transaction under these Clearing Rules shall be subject to successful registration under the FIN Clearing Rules, in addition to any other requirements set out in these Clearing Rules.

Certain restrictions in respect of U.S. persons

- 1.7 Non Exchange Transactions, Third-Party Exchange Transactions and Restricted Swaps (each a "Subject Product", collectively, the "Subject Products") may not be submitted for clearing at the Clearinghouse by or for the account of a U.S. Person or a person located in the United States. Each time an Account Holder submits a Subject Product to the Clearinghouse, the Account Holder is deemed to represent to the Clearinghouse, based on its reasonable belief, that: (1) the Account Holder itself and, if different, the person in whose name the Account Holder carries the account for which the Subject Product has been submitted ("beneficiary"), is not a U.S. Person nor a person located in the United States; and (2) the Clearinghouse is a permissible clearing venue to which the Subject Product may be submitted under all relevant laws applicable to the Account Holder or the beneficiary.

For the purposes of this Section 1.7, (1) "United States" and U.S. shall mean the United States of America, its states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands and any other territory or possession of the United States government or any enclave of the United States government or its agencies or instrumentalities; (2) "U.S. Person" has the meaning for such term provided in Rule 23.23(a)(23) (the "CFTC Cross-Border Rule") of the Rules and Regulations promulgated by the United States Commodity Futures Trading Commission's ("CFTC") Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations (78 CFR 45292 (July 26, 2013)); and (3) "Restricted Swap" means any agreement, contract or transaction defined in Section 1a(47) of the Commodity Exchange Act ("CEA") and/or in CFTC Rule 1.3(xxx).

However, any person that prior to September 14, 2020, represented to the Clearinghouse that they were not a U.S. person, pursuant to the CFTC's Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations (78 CFR 45292 (July 26, 2013)) may continue to rely on such representation until December 31, 2027, at which time that person must represent to the Clearinghouse it is not a U.S. Person as such term is defined in the CFTC Cross-Border Rule.

2 INTERPRETATION, DEFINITIONS AND ABBREVIATIONS

- 2.1 Capitalized terms in the Clearing Rules shall have the meanings assigned to them in the Definitions (Clearing Appendix 1) or as otherwise defined in the individual Clearing Appendixes or in the text body of the Clearing Rules. Terms combining several defined terms shall, unless otherwise defined herein, be understood as a combined reference to such terms and the meaning of the combination term shall be construed accordingly.
- 2.2 References to a person or entity include a body corporate, an unincorporated association of persons or any other legal entity or natural person. References to a party include references to the rightful successors or assignees (immediate or otherwise) or nominees of that party.
- 2.3 References to any law or statute include amendments, consolidations, re-enactments and replacements of it. Unless otherwise specified, references to any law or statute are to the laws and statutes of Norway, save that references to "applicable law" shall mean the laws and regulations applicable under any relevant jurisdiction, including any order or judgment or other decisions of any competent court or Regulatory Body in accordance with such laws or regulations at the relevant place and time.
- 2.4 References to points in time refer to Central European Time unless otherwise specified and all time references apply summer savings time when applicable. Time is specified in the 24-hour format and dates are in the little-endian date format (i.e. day-month-year). References to days, weeks and months are, unless otherwise specified, references to calendar days, weeks and months. A calendar week starts on Monday and ends on Sunday. A quarter spans three consecutive calendar months, and the first quarter starts on the first day of the calendar year.
- 2.5 Any words importing the singular shall admit the plural where the context admits and vice versa. Any words importing the neutral gender shall include the feminine gender and the masculine gender (in respect of a natural person).
- 2.6 The term "including" shall mean "including without limitation", and variations of the word shall have the same effect.
- 2.7 Any reference to the Clearinghouse having a right to make a decision or termination or to form any opinion or judgment shall unless as otherwise stated mean that the Clearinghouse has the right to exercise its sole and unfettered discretion in doing so.
- 2.8 References to communications in writing shall unless otherwise specified include fax, e-mail and communications through the Clearing System.

3 GENERAL MATTERS

3.1 Membership

- 3.1.1 The Clearinghouse recognizes the following membership and Counterparty categories:
 - a. *General Clearing Members*, who may register Clearing Transactions in their own name and act as Counterparty to the Clearinghouse, either for itself or on behalf of its Clients, including Non-Clearing Members.
 - b. *Clearing Members*, who may register Clearing Transactions in their own name and act as Counterparty to the Clearinghouse, either for itself or, subject to the license requirement set out in the Membership Requirements (Clearing Appendix 8), on behalf of its Clients, but not including Non-Clearing Members.
 - c. *Direct Clearing Clients*, who may register Clearing Transactions in their own name and act as Counterparty to the Clearinghouse, either for itself or on behalf of its Clients, but only through a General Clearing Member, a Clearing Member or a Non-Clearing Member acting in the capacity of a Direct Clearing Agent.
- 3.1.2 The Clearinghouse shall only admit as Account Holders applicants that have sufficient financial resources and operational capacity to be a member of the Clearinghouse and that meet the membership requirements set out for the applicable membership category in Membership Requirements (Clearing Appendix 8). The Membership Requirements have, in all cases, been established by the Clearinghouse so as to be non-discriminatory and objective and so as to ensure fair and open access by Account Holders (whether existing or potential) to the Clearinghouse. The Clearinghouse may at its discretion deny or restrict applications

for membership and may restrict, suspend or terminate an existing Account Holder if one or more criteria in Section 2 of the Membership Requirements (Clearing Appendix 8) is not met at any time (including in relation to provision of information as per Section 2.1.14 of the Membership Requirements (Clearing Appendix 8)). In the event that the Clearinghouse refuses an application for membership or terminates an existing Account Holder, the Clearinghouse will provide reasons for such rejection in writing to the relevant applicant or member (as the case may be).

- 3.1.3 An Account Holder must, at all times, satisfy the membership criteria for its applicable membership category as set out in Membership Requirements (Clearing Appendix 8) and any other conditions for membership to continue being an Account Holder.
- 3.1.4 Where an Account Holder is a Direct Clearing Client, the membership requirements set out in Clearing Appendix 8, Sections 2.1.1, 2.1.7 – 2.1.11 and 2.1.13 – 2.1.14 may be met by the Direct Clearing Client together with such Direct Clearing Client's Direct Clearing Agent. Notwithstanding the foregoing, any Direct Clearing Client remains responsible to meet all membership requirements at all times and any failure by its Direct Clearing Agent to meet any such requirements as set by the Clearinghouse pursuant to the Clearing Rules shall be a failure by the Direct Clearing Agent and its respective Account Holder on whose behalf it is acting as a Direct Clearing Agent.
- 3.1.5 Where a Direct Clearing Agent is a Non-Clearing Member, such entity shall be required to meet the membership requirements set out in Clearing Appendix 8, Sections 2.1.1, 2.1.7 – 2.1.11 and 2.1.12 – 2.1.14, as relevant for an Direct Clearing Agent, to be approved by the Clearinghouse to act as a Direct Clearing Agent.
- 3.1.6 The term "Account Holder" shall, when used in Sections 1.3, 3.11, 3.12, 7, 8.1, 8.2, 8.9, 9, 10, 11, 12, 16, and 17 include, as applicable, Direct Clearing Agents as though they themselves are an Account Holder. For the avoidance of doubt, the foregoing is without prejudice to any obligations that may apply to Direct Clearing Agents in other capacities, if such Direct Clearing Agent is a Clearing Member or General Clearing Member.
- 3.1.7 Notwithstanding any provision to the contrary in the Membership Agreement, the Clearinghouse may, through written notice to the Member, terminate the Membership Agreement effective from the Service Withdrawal Date, as determined in accordance with the Clearing Appendix 17 Service Withdrawal Rules, or such date on which all outstanding obligations between the Member and the Clearinghouse have been fully settled, whichever is later (the "**Amended Termination Date**"). Such termination notice and the resulting Amended Termination Date shall take precedence over any termination notice period agreed between the Parties in the Membership Agreement unless the Member objects in writing prior to the earlier of i) the Amended Termination Date, or ii) such other date specified by the Clearinghouse in the written notice. Where no written objection is received, the termination provisions in the Membership Agreement shall be deemed amended accordingly. The Clearinghouse shall confirm in writing to the Member the Amended Termination Date following the expiry of the objection period.

3.2 Counterparty Eligibility

- 3.2.1 Only Account Holders are eligible as Counterparty to the Clearinghouse in Clearing Transactions.
- 3.2.2 To be eligible for registration of new Clearing Transactions as a Counterparty, the Account Holder must at the time that each Clearing Transaction is registered, and until all Settlements pursuant to that Clearing Transaction have been successfully completed:
 - a. have established Clearing Accounts with the Clearinghouse in accordance with Section 3.3;
 - b. have established cash settlement arrangements in accordance with Section 3.4;
 - c. have established any necessary delivery arrangements in accordance with Section 3.5 (if applicable);
 - d. have established arrangements for the provision of Collateral in accordance with Section 3.6;
 - e. have appointed a Contact Person in accordance with Section 3.9;
 - f. have met its Margin Requirements in accordance with Section 5;

Clearing Rules – General Terms

- g. establish a Default Fund Custody Account and contribute to the Default Fund in accordance with the Default Fund Rules (as applicable); and
 - h. not have its access to Clearing or the Clearing System suspended or terminated in accordance with these Clearing Rules; and
 - i. fulfil the membership criteria for its applicable membership category as set out in Membership Requirements (Clearing Appendix 8) and any other conditions for membership.
- 3.2.3 An Account Holder must at all times, and promptly upon request from the Clearinghouse, be able to document that it (or, where applicable, any of its nominees) fulfil the requirements

of Section 3.2.2 and shall promptly notify the Clearinghouse if at any point it ceases to meet or reasonably expects that it will cease to meet any of the aforementioned requirements.

3.3 Clearing Accounts

- 3.3.1 When approving a General Clearing Member, the Clearinghouse shall establish the following Clearing Accounts with the General Clearing Member as Account Holder:
- a. A House Account; and
 - b. A Client Clearing Account; and
 - c. An Intraday Account.
- 3.3.2 When approving a Clearing Member, the Clearinghouse shall establish the following Clearing Accounts with the Clearing Member as Account Holder:
- a. A House Account; and
 - b. An Intraday Account.
- 3.3.3 When approving a Direct Clearing Client, the Clearinghouse shall establish a Direct Clearing Account with the Direct Clearing Client as Account Holder. Each such Direct Clearing Account must be fully collateralised by reference to the Open Positions on such account as further set out in Section 5. The Collateral provided in respect of one Direct Clearing Client's Direct Clearing Account shall not be used to collateralize or meet the losses attributable to another such Direct Clearing Account (or any other account) or to meet the losses attributable to a Client, any other Account Holder, or the Clearinghouse.
- 3.3.4 Additional Clearing Accounts may be ordered by the Account Holder, subject to the approval of the Clearinghouse. A Clearing Member may only order Client Clearing Accounts, provided that it meets the license requirement set out in Section 2.1.2 of the Membership Requirements (Clearing Appendix 8). Additional Clearing Accounts may be subject to a fee as set out in the Fee List.
- 3.3.5 A General Clearing Member (and where applicable a Clearing Member) may operate more than one Omnibus Accounts. Each Omnibus Account must be fully collateralised by reference to the Open Positions on such account on a net basis across all Clearing Transactions credited to such account, as further set out in Section 5. The Collateral provided in respect of one Omnibus Account shall not be used to collateralize or meet the losses attributable to another such Omnibus Account (or any other account) or to meet the losses attributable to any Client (except Clients in the same Omnibus Account), any Account Holder, or the Clearinghouse. For the purposes of EMIR, an Omnibus Account is an EMIR Omnibus Account.
- 3.3.6 A General Clearing Member (and where applicable a Clearing Member) must operate one Individual Client Segregated Account for each Client that has opted for such account. Each Individual Client Segregated Account must be fully collateralised by reference to the Open Positions on such account as further set out in Section 5. In the event that a Client has more than one Individual Client Segregated Account with the same or different General Clearing Member or Clearing Member, the Clearinghouse shall not be entitled to combine or consolidate the balances on such Individual Client Segregated Accounts (or on any other account). Moreover, the specific Collateral provided in respect of one Individual Client Segregated Account shall not be used to collateralize or meet the losses attributable to another such Individual Client Segregated Account (or any other account) or to meet the losses attributable to another Client, any Account Holder, or the Clearinghouse and the Clearinghouse shall keep separate records and accounts enabling each Clearing Member to distinguish the Collateral held for one Individual Client Segregated Account from the Collateral held for any other Client's Individual Client Segregated Account. For the purposes of EMIR, an Individual Client Segregated Account is an EMIR Individual Segregated Account.
- 3.3.7 Intraday Accounts are opened and used as part of the House Account or, if agreed in each case between the General Clearing Member or Clearing Member and the Clearinghouse, a specific Client Clearing Account. The set-up of one or several Intraday Accounts is without prejudice to the segregation requirements under these Clearing Rules and EMIR.
- 3.3.8 Each Clearing Account will have at least one Clearing Portfolio associated to it. Additional Clearing Portfolios may be ordered by the Account Holder. Additional Clearing Portfolios may be subject to a fee as set out in the Fee List. In relation to General Clearing Members,

separate Clearing Portfolios shall be established for the allocation of Transactions for each Non-Clearing Member. Clearing Accounts have Clearing Portfolios connected to them for administrative purposes only. A Clearing Account and all such connected Clearing Portfolios shall therefore be regarded as one Clearing Account, and this is without prejudice to the rest of this Section 3 and the segregation requirements of such accounts under these Clearing Rules and EMIR.

- 3.3.10 Client Clearing Accounts may only be used for registration of Client Transactions. Proprietary Transactions of the Account Holder must not be registered to a Client Clearing Account. Furthermore, a General Clearing Member or a Clearing Member shall not procure the registration of Transactions in its House Account other than those entered into by such General Clearing Member or Clearing Member, as applicable, on its own behalf. A General Clearing Member or a Clearing Member may not use the House Account for clearing of Transactions in respect of entities within the same group of companies as such General Clearing Member, or Clearing Member, as applicable. Such entities shall be regarded as Direct Clearing Clients or Clients, as applicable.
- 3.3.11 The Clearing Transactions registered to the Clearing Account of an Account Holder represent the complete and exhaustive contractual relationship between the Clearinghouse and the Account Holder in respect of Clearing Transactions registered to that Clearing Account.
- 3.3.12 All Clearing Transactions registered in a Clearing Account shall be held to constitute one single agreement between the Clearinghouse and the Account Holder in respect of the Clearing Transactions registered to that Clearing Account.
- 3.3.13 The Clearinghouse may require (under special circumstances) and/or approve (upon request from the Account Holder) of individual account structures deviating from what is described above. However, this shall be without prejudice to the segregation requirements under these Clearing Rules and EMIR.
- 3.3.14 The Clearinghouse will open a Margin Requirement Account for margin calculation with respect to each of the Account Holder's Clearing Accounts.
- 3.3.15 At the request of an Account Holder, the Clearinghouse shall open and maintain any of the following types of Indirect Clearing Accounts: Net Omnibus Segregated Account (NOSA) and Gross Omnibus Segregated Account (GOSA).
- a. The relevant Account Holder shall ensure that the Indirect Clients' Collateral and positions are segregated on separate Indirect Clearing Accounts from the relevant Client's Collateral and positions.
 - b. When the Collateral and positions of several Indirect Clients are held by the Account Holder in a Gross Omnibus Segregated Account, the Account Holder shall ensure that the Clearinghouse has all the necessary information to allow the Clearinghouse to identify the positions held for the account of each Indirect Client on a daily basis. The Account Holder shall also provide information to the Clearinghouse with respect to Net Omnibus Segregated Account when requested to do so. Such requests may also include information with respect to Indirect Clients, Second Indirect Clients or Third Indirect Clients further down the chain, which the Account Holder shall provide on a best effort basis.
 - c. Where the Collateral and positions of several Indirect Clients are held by the Clearinghouse in a Gross Omnibus Segregated Account, the Clearinghouse shall keep separate records of the positions of each Indirect Client, calculate the Margin Requirement in respect of each Indirect Client and collect the Collateral Sum on a gross basis.
 - d. Where the Collateral and positions of several Indirect Clients are held by the Clearinghouse in a Gross Omnibus Segregated Account, the Clearing Member shall ensure that the positions of an Indirect Client do not offset the positions of another Indirect Client.
- 3.3.16 With respect to indirect clearing and a Gross Omnibus Segregated Account, an Account Holder may operate one or more Single-client Accounts.

A Single-client Account shall be regarded as a sub-account of a Gross Omnibus Segregated Account (GOSA), for an Account Holder's clearing of Transactions that reflect equivalent transactions made between such Account Holder and an individual Client on behalf of an Indirect Client that has opted for such account. The Single-client Account evidences all Transactions Registered on such account and reflects the outstanding Contracts attributable to such Indirect Client; however Collateral pertaining to the Gross Omnibus Segregated Account (GOSA), (including any connected Single-client Accounts) shall not be further recorded by the Clearinghouse as belonging, whether by asset or by value, to any particular Indirect Client, with no further sub-division or segregation as between any one sub-account or Single-client Account or as between any Indirect Client. For the avoidance of doubt, a Single-client Account will be established for each Indirect Client with Transactions Registered in a Gross Omnibus Segregated Account (GOSA).

An Account Holder may technically connect one or more accounts held for an individual Client or Indirect Client to a Single-client Account held for that same individual Indirect Client for administration purposes. The Single-client Account and all such connected accounts shall be regarded as one Single-client Account held for that same individual Indirect Client and this is without prejudice to Section 3.3.17 and the segregation requirements pertaining to such accounts under these Clearing Rules and EMIR.

- 3.3.17 An Account Holder must operate one Single-client Account for each Indirect Client that has opted for such account. Each Single-client Account must be fully collateralised by reference to the outstanding Contracts on such account as further set out below. In the event that an Indirect Client has more than one Single-client Account with different Account Holders, the Clearinghouse shall not be entitled to combine or consolidate the balances on a Single-client Account held with one Account Holder with or into the balances on a Single-client Account (or on any other account) held with a different Account Holder.

Collateral in respect of a Single-client Account shall be provided on a net basis across all Contracts credited to the Single-client Account, despite Collateral in respect of a Gross Omnibus Segregated Account (GOSA) otherwise being provided on a net basis across the Gross Omnibus Segregated Account (GOSA) as a whole. Therefore, when determining the Margin Requirement in respect of an Gross Omnibus Segregated Account (GOSA), there will be no netting in respect of Contracts credited to two (or more) separate Single-client Accounts that are sub-accounts of the same Gross Omnibus Segregated Account (GOSA) or in respect of Contracts credited to a Single-client Account and the Gross Omnibus Segregated Account (GOSA) for which it is a sub-account.

As Collateral in respect of an Gross Omnibus Segregated Account (GOSA) is provided on an aggregate basis, the Clearinghouse will not recognise the interests of the Indirect Client holding a Single-client Account to any particular assets, as these assets will be posted on the Collateral Custody Account opened for the Gross Omnibus Segregated Account (GOSA) as a whole, for which there is no segregation by Indirect Client. This means that Collateral provided in respect of a Single-client Account may be used to cover losses of Indirect Clients within the Gross Omnibus Segregated Account (GOSA) as a whole. Accordingly, this account is regarded as an EMIR Omnibus Account, and an Indirect Client that has opted for a Single-client Account will not be protected from the default of other Indirect Clients within the same Gross Omnibus Segregated Account (GOSA) to which such Single-client Account relates.

3.4 Cash Settlement Arrangements

- 3.4.1 Each Account Holder must at its own cost and in accordance with the below, establish and maintain arrangements as required for Cash Settlement under these Clearing Rules.
- 3.4.2 The Account Holder must designate a Cash Collateral Bank Account in each relevant Permitted Currency with an Approved Settlement Bank for the provision of Cash Collateral and in which it has Cash Settlement obligations under these Clearing Rules. The Account Holder shall comply with the Clearinghouse's instructions regarding, among other things, type of account.

With respect to the Cash Collateral Bank Account(s) opened in accordance with this Section 3.4.2, each Account Holder:

- a. authorises (or, if it is not the account owner, provides for such authorisation to be granted by the relevant account owner) the Clearinghouse to issue direct debit and/or credit (as applicable) instructions for any amounts due in accordance with the

Clearing Rules to the Approved Settlement Bank, in respect of the Cash Collateral Bank Account(s);

- b. shall execute a Power of Attorney (or, if it is not the account owner, provide for a Power of Attorney to be executed by the relevant account owner) to enable the Clearinghouse to issue direct debit and/or credit instructions for any amounts due in accordance with the Clearing Rules to the relevant Approved Settlement Bank with respect to the respective Cash Collateral Bank Account(s).

Each Account Holder shall immediately notify the Clearinghouse to the extent it (or the relevant account owner) wishes to revoke such authority provided at Section 3.4.2(a) or the Power of Attorney executed pursuant to Section 3.4.2(b) above in respect of one or more Cash Collateral Bank Accounts.

- 3.4.3 The Clearinghouse may, in its sole discretion, approve (upon the request of the Account Holder) arrangements for Cash Settlement which deviate from the above. In such case, the Account Holder shall meet the Clearinghouse's requirements as applicable from time to time.
- 3.4.4 Cash Settlement shall be performed in the Approved Settlement Banks listed in the List of Approved Settlement Banks.
- 3.4.5 Notwithstanding anything to the contrary in the Power of Attorney or in a similar instrument, each Approved Settlement Bank is authorized to act in accordance with any communication or manual instruction (including, without limitation, by using email, fax or other authenticated electronic means) from the Clearinghouse, which may from time to time be used due to a SWIFT disruption or similar event (including, for the avoidance of doubt, an event related to the Clearinghouse's systems).

3.5 Delivery Arrangements

- 3.5.1 An Account Holder must at its own cost establish, appoint and maintain such Delivery Points and appurtenant arrangements as may be required by it to perform its Delivery obligations under the Clearing Rules, prior to entering into any Clearing Transactions in Products where such Delivery may be required. The Clearinghouse may issue a list of eligible Delivery Points.
- 3.5.2 The Delivery Point(s) nominated by each Account Holder must be approved by the Clearinghouse, such consent not to be unreasonably withheld. Account Holders shall promptly provide the Clearinghouse with such information as the Clearinghouse requests and deems required in relation to each Delivery Point it nominates.
- 3.5.3 The Clearinghouse may, if it has reasonable cause for doing so in relation to any obligation to be performed by it or the Account Holder under the Clearing Rules, require an Account Holder to appoint an alternative Delivery Point whereby the Account Holder shall promptly comply with such instructions.
- 3.5.4 The Clearinghouse may suspend Deliveries to a specific Delivery Point if necessary for the Clearinghouse to comply with applicable laws.

3.6 Collateral Arrangements

- 3.6.1 Each Account Holder must at its own cost and in accordance with the below establish and maintain arrangements for the provision of Collateral as required by these Clearing Rules.
- 3.6.2 The Collateral approved by the Clearinghouse is set forth in the Collateral List in force from time to time. The Clearinghouse may prescribe limits with respect to certain Collateral to mitigate concentration risk. The value of any Collateral provided to the Clearinghouse shall be determined by the Clearinghouse in accordance with the parameters and haircuts as set out in the Collateral List. The Clearinghouse's normal procedures for changes to the Collateral List provide that changes enter into force not earlier than one week after the Clearinghouse has notified a decision with respect to such change. However, the Clearinghouse reserves the right to make changes to the Collateral List at any time (including with immediate effect) upon giving notice, if the Clearinghouse deems that such change is necessary.
- 3.6.3 An Account Holder must open at least one Collateral Custody Account for provision of Collateral in respect of each Margin Requirement Account opened for it in accordance with Section 3.3.
- 3.6.4 Unless otherwise specified in these Clearing Rules and without prejudice to the segregation requirements under these Clearing Rules and EMIR, all Collateral posted by each Account

Holder will apply jointly and severally to all its Clearing Accounts and any and all payment and settlement obligations towards the Clearinghouse.

- 3.6.5 An Account Holder may post more Collateral to the Clearinghouse (to be held on the Collateral Custody Account) than is required pursuant to the determinations of the Clearinghouse in respect of the relevant Margin Requirement Account. Such excess Collateral shall be treated in accordance with the Clearing Rules on the same basis as all Collateral provided in respect of such Margin Requirement Account.

Collateral provided to the Clearinghouse by an Account Holder in respect of its Clearing Accounts, as applicable, shall be recorded by asset in the Collateral Custody Account, meaning that the Clearinghouse will record the particular asset transferred in respect of each such account. Collateral provided to the Clearinghouse by a General Clearing Member or Clearing Member in respect of its Omnibus Account, shall not be further recorded by the Clearinghouse as belonging, whether by asset or by value, to any particular Client.

- 3.6.6 Rating requirements for issuers of Collateral are set forth in the Collateral List in force from time to time.
- 3.6.7 The Clearinghouse may at any time reject and/or depreciate the recognized value of any Collateral (or parts thereof) from individual issuers if
- a. the Clearinghouse has reasonable cause to believe that the relevant issuer is subject to an Insolvency Event or that an Insolvency Event involving the issuer is clearly imminent;
 - b. it deems that the credit rating of the relevant issuer is not (or no longer) acceptable to it; or
 - c. it becomes aware of any other circumstances that may have adverse effects on its security interest in the applicable Collateral.

Affected Account Holders will be notified immediately of any decision pursuant to the above, and the Clearinghouse may at its discretion (i) issue an Intraday Margin Requirement to cover for any deficit Collateral against the applicable Margin Requirement, and/or (ii) suspend the Account Holder from Clearing until the Clearinghouse is satisfied that replacement Collateral has been provided or that the situation has otherwise been remedied. Any replacement Collateral must be accepted by the Clearinghouse as such.

- 3.6.8 The Clearinghouse may reject any additional Collateral, and/or require any existing Collateral to be replaced by Collateral acceptable to the Clearinghouse if the relevant Collateral Provider, or any Affiliate of it, has provided or holds such volume of Collateral that the provision of additional Collateral from that Collateral Provider would entail a concentration risk to the Clearinghouse.
- 3.6.9 Other than in respect of the provision of Collateral pursuant to the Cash Optimization Service, when providing Collateral to the Clearinghouse, the Account Holder shall also provide the Clearinghouse with the Collateral Custody Account number to which such Collateral relates. If an Account Holder does not provide a Collateral Custody Account number to the Clearinghouse, the Collateral will not be taken into account for the purpose of calculating the Collateral Sum in respect of any Margin Requirement Account of that Account Holder.
- 3.6.10 The Clearinghouse is entitled to require each Account Holder to comply with a Locked Currency Limit(s) for each relevant Permitted Currency with respect to each of its relevant Collateral Custody Account(s). Such Locked Currency Limit(s) shall specify the minimum amount, in the relevant Permitted Currency, that each Account Holder must hold in its Collateral Custody Account(s) at all times. Each Account Holder must, at all times, hold in its Collateral Custody Account(s) Cash Collateral in each relevant Permitted Currency in an amount at least equal to its Locked Currency Limit for each such Permitted Currency.
- 3.6.11 The Counterparties (including their Collateral Providers) intend that any collateral arrangements created under, pursuant to or in furtherance of the Clearing Rules shall, to the extent possible, constitute a "financial collateral arrangement" for the purposes of EU Directive 2002/47/EC on Financial Collateral Arrangements (as implemented in the national laws of applicable jurisdictions).

3.7 Release and substitution of Collateral

- 3.7.1 Subject to the Sections 3.6.10, 3.7.2-3.7.7 and 5.4.4, where there is a Collateral Surplus with respect to a particular Margin Requirement Account, an Account Holder may request to the Clearinghouse for the Collateral provided to be released. The return of any Collateral shall be processed in accordance with the Procedures.
- 3.7.2 The Account Holder may request any form of Collateral to be returned.
- 3.7.3 Subject to the application of Sections 3.7.1, 3.7.2, 3.7.4-3.7.8 and Section 5.4.4, the Clearinghouse shall automatically return Cash Collateral in the event that there is a Collateral Surplus for any End of Day Margin Determination. The Clearinghouse will only return Cash Collateral up to the value of the Collateral Surplus, after taking into account the return or pending return of any Collateral, in the manner and at the time set out in the Procedures. The Clearinghouse shall not be required to return Cash Collateral in any currency if there does not exist any Surplus Cash Collateral in that particular currency on the Collateral Custody Account.
- 3.7.4 An Account Holder may, in respect of any Margin Requirement Account, establish with the Clearinghouse a Cash Excess Amount that shall apply to such Margin Requirement Account in respect of one or more Permitted Currencies. In calculating the Surplus Cash Collateral for any Permitted Currency, the Clearinghouse shall take into account any Cash Excess Amount for such Permitted Currency.
- 3.7.5 Prior to the return of any Collateral Surplus, an Account Holder shall have met all requirements to provide Collateral and comply with all its obligations in respect of Settlement as may be required by the Clearinghouse.
- 3.7.6 The Clearinghouse shall only return Cash Collateral in a Permitted Currency to the extent that there is sufficient Cash Collateral in that Permitted Currency to meet the Locked Currency Limit (if any).
- 3.7.7 The Clearinghouse shall return any Collateral Surplus in accordance with the Procedures.
- 3.7.8 Any release of Collateral or any particular Collateral under Sections 3.7.1-3.7.7 shall always be at the discretion and subject to the prior consent of the Clearinghouse.

3.8 Pre-delivered Assets as Collateral

- 3.8.1 The Clearinghouse may in its discretion accept pre-delivery of eligible assets and may acknowledge such pre-delivered assets as an alternative to regular Collateral under the Clearing Rules, applying such recognized value to such assets as the Clearinghouse deems appropriate or as otherwise specified by the Clearing Rules. Notwithstanding the foregoing, an Account Holder who has pre-delivered assets to the Clearinghouse will normally not be credited more than its aggregated net short position in respect of its corresponding Delivery obligations of the relevant asset towards the Clearinghouse at any time.
- 3.8.2 Pre-delivered assets shall be transferred to the Clearinghouse with full and valid title, free and clear of all liens, security interests, claims and encumbrances or any interest in or to them by any person (except where in favour of the Clearinghouse). The rules relating to Deliveries of the relevant assets and Collateral enforcement apply *mutatis mutandis* to any pre-delivered assets.
- 3.8.3 Whilst pre-delivered assets are in the possession of the Clearinghouse, the Account Holder shall be excluded from exercising any rights in such assets, or instructing the Clearinghouse in any way in relation to such assets, except as may be set out in the Clearing Rules or otherwise agreed in writing with the Clearinghouse. Pre-delivered assets are transferred outright to the Clearinghouse which means that the Clearinghouse becomes the owner of such assets. The Clearinghouse shall not have any obligation to pay interest or other fees to the Account Holder for pre-delivered assets. Pre-delivered assets may be pooled and comingled with other funds (including those of the Clearinghouse), and will be transferred to the Clearinghouse's own accounts. The Account Holder acknowledges that in case of the insolvency of the Clearinghouse, any claims relating to pre-delivered assets will rank *pari passu* with the Clearinghouse's other unsecured creditors. This means that any shortfall may have to be shared pro rata with other unsecured creditors of the Clearinghouse and that the Account Holder may not receive its full entitlement. Since the Clearinghouse is the owner of any pre-delivered assets, it is entitled to reuse or sell the assets for its own purposes or to pledge the assets as security under a financing arrangement. As a result, there is a risk that the pre-delivered assets or the value thereof will not be returned to the Account Holder should the Clearinghouse default.

3.8.4 Sections 3.7 and 6.3.4 apply *mutatis mutandis* to the release and return of pre-delivered assets.

3.9 Authorisation of Individuals

3.9.1 An Account Holder shall upon request from the Clearinghouse appoint one or more individual(s) as its Contact Person(s). In the case of Direct Clearing Clients, the Contact Person will always be the Contact Person(s) appointed with its Direct Clearing Agent at any given time. By agreeing to become a Contact Person, an individual agrees to be bound by the duties and responsibilities of a Contact Person and to be subject to, and comply with, all applicable provisions of the Clearing Rules.

3.9.2 The appointment of each Contact Person is subject to the approval of the Clearinghouse, not to be unreasonably withheld. The Clearinghouse may suspend or withdraw its approval if a Contact Person is deemed unfit by the Clearinghouse.

3.9.3 A Contact Person shall be authorised in the name of the Account Holder to sign all instruments, to give instructions, to correct errors and to perform such other duties as may be required under the Clearing Rules and to generally transact all requisite business in connection with the operations of the Clearinghouse under the Clearing Rules.

3.9.4 A Contact Person may appoint other individuals to access the Account Holder's Clearing Accounts and/or to register Clearing Transactions on behalf of the Account Holder. The Contact Person may also revoke or amend any such appointments by written notice. The Clearinghouse may suspend or withdraw such individual's rights if the individual is deemed unfit by the Clearinghouse.

3.9.5 All rights and authorisations granted under this Section 3.9 are non-exclusive and persons sharing the same rights are authorised to exercise such rights individually and independently of each other in all matters.

3.9.6 Unless otherwise agreed in writing with the Clearinghouse, all appointments, amendments and withdrawals under this Section 3.9 must be in writing and on such format as the Clearinghouse may prescribe from time to time.

3.10 Account Information

3.10.1 The Clearinghouse shall on each Clearinghouse Business Day make available to Account Holders:

- a. a Cash Settlement Report(s), a Margin Requirement Report(s) and a Payments Report (as available); and
- b. information on Net Positions and Delivery obligations and any other information regarding each Clearing Account which the Clearinghouse chooses to make available.

3.11 Continuous Information Obligations on Account Holders

3.11.1 The Clearinghouse may at all times monitor an Account Holder's financial standing and soundness, level of competence and other matters relevant (in the opinion of the Clearinghouse) to the financial and legal status of the Account Holder.

3.11.2 Each Account Holder shall ensure that the Clearinghouse receives a completed Due Diligence Questionnaire with accurate and up-to-date information at least annually.

3.11.3 Each Account Holder shall ensure that the Clearinghouse promptly upon request receives copies of audited versions of any annual reports issued by the Account Holder, any interim reports as well as any consolidated accounts when so requested. If an Account Holder is unable to produce an interim report or consolidated accounts upon a request being made by the Clearinghouse, it should at least provide the Clearinghouse with an English, Norwegian, Danish or Swedish language version of its quarterly balance sheet and profit and loss statement, signed by two authorised signatories and accompanied by evidence of the relevant signing authorities and specimen signatures. All such information shall be provided free of charge to the Clearinghouse. If, for special reasons, the Account Holder is unable to

provide the above information, the Clearinghouse may in its own discretion approve that the Account Holder instead discloses a selection of audited key figures, as required by the Clearinghouse from time to time. Such key figures must be accompanied by a parent company guarantee and financial information regarding such parent company, as required by the Clearinghouse from time to time.

- 3.11.4 Each Account Holder shall ensure that the Clearinghouse is provided with an accurate and up to date calculation of its Capital and Liquid Assets at least monthly. The Clearinghouse may, at its discretion, require an Account Holder to provide such calculations on a monthly basis.
- 3.11.5 The Clearinghouse may require any further information on the Account Holder's legal status, financial soundness (including in relation to its Liquid Assets and Capital), credit worthiness and Credit Score, matters relevant for the FC Risk Score, organisation, level of competence and other matters as the Clearinghouse deems relevant and appropriate to consider its continued fitness for membership at any time, to monitor and ensure its compliance with the Clearing Rules and in order to fulfil the Clearinghouse's obligations pursuant to applicable securities and clearing operation legislation and regulations given pursuant thereto, including further evidence for the Clearinghouse to verify the authenticity or correctness of any information submitted. Section 3.11.3 applies accordingly to such issues. All such information shall be provided by the Account Holder promptly upon request and free of charge to the Clearinghouse to enable the Clearinghouse to fulfil any legal or regulatory obligations.
- 3.11.6 The Clearinghouse shall, subject to relevant statutory and regulatory limitations, such as bank secrecy obligations, have the right to access the offices of an Account Holder (including any facilities or temporary offices wherein data is stored by the Account Holder) at the request of the Clearinghouse in order to conduct audits and in order to obtain any information which the Clearinghouse reasonably deems necessary in order to monitor and ensure compliance with the Clearing Rules and in order to fulfill its obligations pursuant to applicable securities and clearing operation legislation and regulations given pursuant thereto. An Account Holder shall grant the Clearinghouse access to undertake such audits and inspections as it reasonably requires (at an agreed time and in the presence of the Account Holder in question).
- 3.11.7 An Account Holder shall immediately notify the Clearinghouse in writing if it becomes aware of or reasonably expects that any of the following events will occur:

 - f. any merger, de-merger, or other business re-organisation affecting one-third or more of the Account Holder's net capital value (as assessed by reference to the latest annual or interim accounts of the Account Holder);
 - g. any reduction of 10% or more in the Account Holder's Capital from the figures either (i) most recently reported to the Clearinghouse or (ii) shown in or determined by reference to the latest annual or interim accounts of the Account Holder;
 - h. any material changes to its business;

- i. in the case of an undertaking with share capital or equivalent tied-up capital, any reduction in such capital; or
- j. any other matter relating to it of which an Account Holder acting in good faith would reasonably expect to be of interest to the Clearinghouse in relation to Clearing and its position as an Account Holder, including issues related to any Approved Settlement Bank or Collateral Provider of the Account Holder.

A Direct Clearing Agent shall immediately notify the Clearinghouse in writing if it becomes aware of or reasonably expects that any of the events in (a) to (j) above may occur in respect of one of its Direct Clearing Clients.

- 3.11.8 An Account Holder shall immediately notify the Clearinghouse in writing if it becomes aware of or reasonably expects that there will be a change in ownership or control of 20% or more of the shares or voting power in such Account Holder. Upon receipt of such notification, the Clearinghouse may in its sole discretion review the fitness of the Account Holder for membership of the Clearinghouse. During such review, the Clearinghouse may require the Account Holder to provide such additional information as the Clearinghouse deems relevant and appropriate to consider such Account Holder's fitness for membership. If, upon the completion of such review, the Clearinghouse is not satisfied that the Account Holder continues to satisfy the membership requirements set out for the applicable membership category in Membership Requirements (Clearing Appendix 8), the Clearinghouse may suspend or terminate the membership of the Account Holder in accordance with Section 3.13.
- 3.11.9 Upon request by the Clearinghouse, an Account Holder shall provide the Clearinghouse with any information which the Clearinghouse deems necessary in order to monitor and ensure compliance with the Clearing Rules and in order to fulfill its obligations pursuant to applicable securities and clearing operation legislation and regulations given pursuant thereto (such information to be provided within a reasonable time after the request from the Clearinghouse is received such that the Clearinghouse is able to fulfill the aforementioned obligations). Such request may include information relating to the Account Holder's or their Clients' legal entity identifier (LEI) code. The Clearinghouse may also request the equivalent information with respect to Indirect Clients', Second Indirect Clients' or Third Indirect Clients' which shall be provided on a best effort basis. The information shall be rendered in the manner prescribed by the Clearinghouse. The Account Holders shall at all times keep the Clearinghouse informed of any changes to its legal entity identifier (LEI) code.
- 3.11.10 The Clearinghouse shall be entitled to request information with respect to Indirect Clearing Arrangements as further set out in Section 3.3.17.

Where an affiliate of an Account Holder provides account operating services, custody services, or other operational services to the Clearinghouse, the Clearinghouse may at any time request information and evidence from the Account Holder pertaining to the Account Holder's governance arrangements or relationship with the affiliate service provider, inter alia relating to: operational independence between the Account Holder and the affiliate service provider, segregation of decision-making processes, adequacy of information barriers, potential conflicts of interest and compliance with applicable laws and regulations including EMIR segregation requirements. The Account Holder shall ensure that the Clearinghouse receives such information or evidence promptly upon request. Furthermore, such Account Holder shall immediately inform the Clearinghouse in case of any changes relating to any information or evidence submitted in relation hereto. 'Affiliate' in this provision means any entity that directly or indirectly controls, is controlled by, or, with respect to the affiliate and the Account Holder, is under common control with another entity.

- a. the Clearinghouse becomes party to two equal and offsetting Clearing Transactions, each reflecting the original Transaction: One between the Clearinghouse (as seller) and the buying Account Holder (as buyer), and one between the Clearinghouse (as buyer) and the selling Account Holder (as seller);

- b. the Account Holder's rights and obligations towards the other party under the initial Transaction shall be released and discharged upon registration of the Clearing Transactions and the Clearinghouse shall be deemed to have succeeded to and assumed all rights and obligations of the Account Holder in relation to the other party in its capacity as central Counterparty; and

- 4.2.3 Exchange Transactions entered into through the ETS or MTS are Registered on the Clearing Account of the Account Holders involved immediately following the registration according to Section 4.2.2 above. The Transaction Confirmation in respect of such Exchange Transactions also serves as Clearing Confirmation from the Clearinghouse.
- 4.2.4 The Clearinghouse shall follow the procedure set out in the Block Trade, EFP and EFS Clearing Procedures in respect of Exchange Transactions that are entered into through the Block Trade Facility prior to Registering such Exchange Transactions on the Clearing Account of the Account Holders involved.
- 4.2.5 Upon Registration of an Exchange Transaction in a Clearing Account, the Clearinghouse enters into the Transaction as a Counterparty whereby the initial Exchange Transaction is replaced by corresponding Clearing Transactions in accordance with Section 4.1.

4.3 Registration of Third Party Exchange Transactions

- 4.3.1 Third Party Exchange Transactions are subject to Clearing pursuant to the Third Party Exchange Transaction Clearing Procedures.
- 4.3.2 Upon the registration of a Clearing Request in accordance with the Third Party Exchange Transaction Clearing Procedures, corresponding Clearing Transactions are created in accordance with Section 4.1.

4.4 Registration of Non Exchange Transactions

- 4.4.1 Account Holders may request Clearing of Non Exchange Transactions in accordance with the Non Exchange Clearing Procedures.
- 4.4.2 Upon the registration of a Clearing Request in accordance with the Non Exchange Clearing Procedures, corresponding Clearing Transactions are created in accordance with Section 4.1.

4.5 Allocation of Clearing Transactions

- 4.5.1 Clearing Transactions are initially allocated to an Intraday Account of the registering Account Holder(s) unless another account is designated by the Account Holder. The Account Holder (or its nominee) shall, within the Allocation Deadline and in accordance with the prevailing instructions of the Clearinghouse from time to time, designate the Clearing Account to which each Contract shall be registered. Any subsequent transfer of Contracts shall be deemed as a new Clearing Transaction.
- 4.5.2 The Contracts registered on an Intraday Account of an Account Holder at the Allocation Deadline are automatically transferred to the Clearing Account designated in accordance with Section 3.3.7. A subsequent transfer of Contracts must be registered within sixty (60) minutes prior to end of Clearinghouse Opening Hours on the second (2nd) Bank Day from the Bank Day on which the relevant Contract was first registered, however in no event later than thirty (30) minutes prior to the end of Clearinghouse Opening Hours on the Expiration Day for the applicable Series.

4.6 Give Ups and Take Ups

- 4.6.1 Account Holders may, through use of the Give Up / Take Up function of the Clearing System and in accordance with this Section 4.6, transfer Clearing Transactions from its own Clearing

Account, and those of its associated Clients or Direct Clearing Clients where applicable, to the Clearing Account of another Account Holder and vice versa.

- 4.6.2 In order for a Give Up to be effectuated, the receiving Account Holder must confirm the request for Give Up by registering a corresponding Take Up. Take Ups are considered automatically confirmed by the receiving Account Holder where such Account Holder has separately requested such automatic Take Up to apply in respect of one or several Clearing Accounts. Where relevant, matching Give Up and Take Up requests will constitute a Clearing Request in respect of the relevant Contract and shall follow the relevant Clearing Procedure (e.g. a matching Give Up and Take Up request in respect of a Block Trade shall constitute a Clearing Request which shall follow the Block Trade, EFP and EFS Clearing Procedures) which shall apply *mutatis mutandis*. Matching Give Up and Take Up requests in respect of Contracts formed through ETS or MTS will be deemed to be a Clearing Request and shall follow Section 3 of the Block Trade, EFP and EFS Clearing Procedure which shall apply *mutatis mutandis*. Upon Registration of the Contracts with the receiving Account Holder, the receiving Account Holder assumes the position of Counterparty in the Contract and the originating Account Holder is released.
- 4.6.3 Both the Give Up and its corresponding Take Up must be registered within sixty (60) minutes prior to end of Clearinghouse Opening Hours on the second (2nd) Bank Day from the Bank Day on which the relevant Contract was first registered, however in no event later than thirty (30) minutes prior to the end of Clearinghouse Opening Hours on the Expiration Day for the applicable Series. Unless the Clearinghouse approves otherwise in its discretion, a Contract may only be subject to Give Up and Take Up once (i.e. no re-transfer), and subsequent transfer of Contracts shall take place in accordance with the rules relating to re-registration (and be deemed as a new Clearing Transaction).
- 4.6.4 If no Take Up is registered within the relevant deadline as set out in Section 4.6.3, the Give Up will be cancelled and the Contract(s) subject to Give Up shall remain unchanged. In such cases any transfer of Contracts must be done through registration of a new and opposite Clearing Transaction.
- 4.6.5 Where an Account Holder submits a request for Give Up later than on the day on which the relevant Contracts was first Registered, and subject to Section 4.6.3, the Account Holder will be required to perform any Cash Settlements as normal, but will receive a reimbursement of any Cash Settlement Amounts paid as part of the Daily Cash Settlement on the Bank Day following the day on which the Take Up is Registered.

4.7 Registration Errors

- 4.7.1 The Exchange will handle complaints concerning Exchange Transactions in accordance with the Trading Rules. Exchange Members must submit any claims for trading errors in ETS to the Exchange as soon as possible and no later than two (2) minutes from registration of the relevant Exchange Transaction in ETS. Exchange Member, on whose behalf the Exchange has registered the Order in ETS (MTS), or Exchange Members who have registered Block Trades, EFP or EFS in the Block Trade Facility, may as soon as possible and no later than ten (10) minutes after the relevant Exchange Transaction was registered in the ETS or Block Trade Facility, as relevant, submit a claim for trading error to the Exchange. Any changes or cancellation made in Exchange Transactions pursuant to the Trading Rules will trigger a corresponding change or cancellation of the registrations with the Clearinghouse.
- 4.7.2 In the event that an Account Holder claims that a Clearing Confirmation resulting from a Clearing Request is erroneous or has not been received, a complaint must be filed with the Clearinghouse immediately after the discrepancy is discovered, however not later than
- a. thirty (30) minutes prior to close of Clearinghouse Opening Hours on the Bank Day after the Clearing Confirmation for the relevant Clearing Request was sent or should have been sent; or
 - b. the close of Clearinghouse Opening Hours on the Bank Day after the Clearing Confirmation for the relevant Clearing Request was sent or should have been sent, provided that all Account Holders involved consent to the error; and
 - c. notwithstanding (a) and (b) above, thirty (30) minutes prior to close of Clearinghouse Opening Hours on the Expiration Day.

Failure to make a claim within the aforementioned deadlines entails that the Account Holder will be bound by the Clearing Confirmation (or lack thereof). Exceptions to time limits in this

Section 4.7.2 can only be made if operationally possible and in exceptional cases where the Account Holder (or their nominee) is not to blame for the delay, and following approval from the Clearinghouse in its discretion.

- 4.7.3 In case of a valid claim pursuant to Section 4.7.2, the Clearinghouse shall distribute duly filed complaints to the Account Holders involved (to the Direct Clearing Agent in case of Direct Clearing Clients), in order for them to evaluate the complaint. The Clearing Transaction will be corrected if the Account Holders involved so approve. If the Account Holders involved do not approve the complaint, the Clearinghouse shall as soon as possible, based on the information available to it at that time and using its best efforts, decide whether to accept the complaint or not. The Clearinghouse will normally only make amendments to the registered Clearing Transaction in cases where the error is obvious.
- 4.7.4 If the Clearing Transaction was entered on the Intraday Account of the wrong Account Holder, the Clearinghouse may correct the error by transferring the Clearing Transaction to the correct Intraday Account provided that the receiving Account Holder so approves, and no later than fifteen (15) minutes after end of Clearinghouse Opening Hours on the Bank Day following the day on which the Clearing Transaction was first registered, or before 30 minutes prior to the end of Clearinghouse Opening Hours on the Expiration Day (whichever comes first).
- 4.7.5 When corrections of errors are made pursuant to this Section 4.7, the Clearinghouse shall register the correction and immediately send a new Clearing Confirmation to the Account Holders involved. Such modification shall be deemed effective from the time on which the relevant Clearing Transaction was first registered.
- 4.7.6 Notwithstanding the above, the Clearinghouse may on its own initiative correct substantial errors involving registered Clearing Transactions with effect for all Account Holders concerned, including errors caused by errors in reference prices, provided that the Clearinghouse shall give prior written notice of such corrections to affected Account Holders and that such corrections shall be notified within three (3) Bank Days from the time on which the Clearinghouse determines that such an error has occurred.

4.8 Registration for Clients

- 4.8.1 Clients will have Clearing Transactions registered on Clearing Accounts established in the name of their General Clearing Member (or where applicable their Clearing Member), with such member as Counterparty. All Clearing Transactions for Clients shall be registered to Client Clearing Accounts.
- 4.8.2 Clients will not become Counterparty to the Clearinghouse under any Clearing Transactions with the General Clearing Member (or where applicable the Clearing Member), and no contractual relationship shall arise between the Clearinghouse and the Client. When a General Clearing Member (or where applicable a Clearing Member) registers a Clearing Transaction for a Client, such member becomes liable to the Clearinghouse and the Clearinghouse liable to such member for such Clearing Transaction as if the Clearing Transaction were for the account of such member. A General Clearing Member (or where applicable a Clearing Member) is, without any limitations, entitled and responsible as Counterparty to the Clearinghouse in respect of any and all Clearing Transactions registered to Clearing Accounts where such member is Account Holder.
- 4.8.3 The General Clearing Member shall unsolicited and before registering any Clearing Transactions on behalf of a Client that is a Non-Clearing Member disclose to the Clearinghouse the identity of such Client. The identity of Clients shall furthermore always be disclosed to the Clearinghouse upon request by the Clearinghouse. The Clearinghouse may require that a Non-Clearing Member with an actual or expected significant volume of Transactions is allocated an Individual Client Segregated Account with its General Clearing Member.

4.9 Registration for Direct Clearing Clients

- 4.9.1 The following provisions will apply in respect of Transactions and Clearing where a Clearing Member or a Non-Clearing Member is acting as Direct Clearing Agent for a Direct Clearing Client:
- a. Clearing Members or Non-Clearing Members may represent Direct Clearing Clients when approved as Direct Clearing Agents.

- b. The Direct Clearing Account opened in the name of a Direct Clearing Client will also identify the relevant Direct Clearing Agent. Transactions may only be registered in this Direct Clearing Account when allocated or approved by this Direct Clearing Agent.
- c. A Direct Clearing Client is, without any limitations, entitled under and responsible as Counterparty to the Clearinghouse in respect of all Transactions registered in Direct Clearing Accounts where the Direct Clearing Client is Account Holder.
- d. All communication between the Clearinghouse and the Direct Clearing Client shall take place exclusively through its Direct Clearing Agent, unless as otherwise set out in the Clearing Rules or Clearing Agreement or if the Clearinghouse chooses to involve the Direct Clearing Client.
- e. Unless the Direct Clearing Client requests otherwise (in writing), the Direct Clearing Agent shall have unlimited access to all Collateral Custody Accounts and Default Fund Custody Accounts (together, the "**Custody Accounts**") of the Direct Clearing Client intended for the provision of Collateral and default fund contributions including, without limitation, to initiate instructions and communications against such accounts and receive balance and transaction information in relation to such accounts. In such a case, the Clearinghouse will treat instructions given by the Direct Clearing Agent as instructions or communications given on behalf of the Direct Clearing Client under the relevant Collateral Custody Account Agreement or Default Fund Custody Account Agreement (as defined in the Default Fund Rules). Release of Collateral from Custody Accounts will only be effected according to pre-defined settlement instructions as approved by the Direct Clearing Client from time to time. In addition, the Direct Clearing Agent will be granted access to information on default fund requirements and/or Margin Requirements as well as Collateral information for all Direct Clearing Accounts connected to the Custody Accounts.

Notwithstanding the authorisation in item (e) above, the Direct Clearing Client shall remain the only responsible party for its obligations under the relevant Custody Account Agreements and the Clearing Rules. When the Direct Clearing Client is represented by a Direct Clearing Agent, the term Account Holder under the Clearing Rules shall include the Direct Clearing Agent (as applicable).

- 4.9.2 The Direct Clearing Client shall be the only liable party for the obligations pursuant to Contracts Registered on a Direct Clearing Account, where the Transactions that gave rise to such Contracts were Registered on a Direct Clearing Account administered by a Direct Clearing Agent.

The Direct Clearing Agent, acting in the capacity of being the Direct Clearing Client's agent, shall facilitate and to the greatest extent possible ensure that its Direct Clearing Client post Collateral before allocating any Transactions to the Direct Clearing Client's Direct Clearing Account, meet the applicable Margin Requirement, pay any Cash Settlement Amount that is due to the Clearinghouse and meet any other obligation in accordance with the Clearing Rules. The Clearinghouse shall inform the Direct Clearing Agent if the Direct Clearing Client fails to do so. This means that the Direct Clearing Agent is not liable for any of the obligations relating to Contracts recorded on a Direct Clearing Account and that the Direct Clearing Client bears the ultimate responsibility for all such obligations.

5 DETERMINATION OF MARGIN REQUIREMENTS, COLLATERAL SUM AND PROVISION OF COLLATERAL

5.1 General

- 5.1.1 The Clearinghouse shall determine the Margin Requirement(s) for each Account Holder regularly during each Clearinghouse Business Day as further set out herein. Each Margin Requirement shall be calculated in accordance with the model applied by the Clearinghouse from time to time. Upon request, the Clearinghouse shall provide free of charge a description of the relevant model and the calculation method.
- 5.1.2 The amount of the Margin Requirement is based on the parameter values determined for the respective Products, as published by the Clearinghouse on its website. The Clearinghouse will normally give one (1) week written notice for all parameter value changes, however, the Clearinghouse reserves the right to enter changes in parameter values at any time (including immediate effect from notice) upon giving written notice to affected Account Holders if the

Clearinghouse deems that such change is necessary to ensure sound clearing operations and to comply with the Clearinghouse's risk policies and/or applicable law at all times. The Clearinghouse may set specific margining rules for individual Products or groups of Products.

- 5.1.3 All Margin Requirements will be calculated in the applicable Risk Currency. The Clearinghouse may in its discretion convert any amounts relating to Margin Requirements to the applicable Risk Currency and vice versa at such reasonable currency exchange rate(s) as the Clearinghouse may determine in its discretion.
- 5.1.4 If the Margin Requirement is positive, there shall *prima facie* arise an obligation on the Clearinghouse to pay an amount to the Account Holder equal to the positive Margin Requirement. Notwithstanding the foregoing, the Clearinghouse shall not be required to make any such payment to the Account Holder unless Sections 8.8.7-8.8.8 of the Clearing Rules apply.

5.2 End of Day Margin Determination

- 5.3.1 The Clearinghouse shall on each Clearinghouse Business Day calculate the Margin Requirement for each Margin Requirement Account in respect of the End of Day Margin Determination and otherwise regularly during each Clearinghouse Business Day. In each case, the Margin Requirement is calculated with reference to all Clearing Transactions recorded on the relevant Clearing Accounts associated with the Margin Requirement Account. The Clearinghouse may calculate the Margin Requirement on the aggregated net of several House Accounts or Direct Clearing Clients' Direct Clearing Accounts where such are held by the Account Holder.
- 5.3.2 In respect of each Margin Requirement Account, the Clearinghouse shall calculate the Collateral Sum of the Collateral Custody Account linked to such Margin Requirement Account in respect of the End of Day Margin Determination and otherwise regularly during each Clearinghouse Business Day.
- 5.3.3 The Clearinghouse shall, further to each determination of a Margin Requirement and the Collateral Sum in respect of any Margin Requirement Account, determine whether there is a Collateral Surplus or a Collateral Deficiency in respect of such Margin Requirement Account. Where there is a Collateral Surplus, Collateral may be returned to the relevant Account Holder in accordance with Section 3.7.1; where there is a Collateral Deficiency, the relevant Account Holder shall provide Collateral to the Clearinghouse in accordance with Section 5.4.2.
- 5.3.4 Notwithstanding anything to the contrary in this Section 5.3, to determine the aggregate total Collateral Surplus or Collateral Deficiency in respect of a Margin Requirement Account, the Margin Requirement and the Collateral Sum shall each be calculated per relevant Permitted Currency and the Clearinghouse shall convert each such Margin Requirement less each such Collateral Sum into the Base Currency at the FX rate determined by the Clearinghouse in its discretion, applying the relevant haircuts as specified in the Collateral List.

The Base Currency shall be elected by each Account Holder in the CMS System. Each Account Holder may make a request at any time, via the CMS System, to change the Base Currency.
- 5.3.5 In making any determination as to the Collateral Sum, the Clearinghouse shall use the market price of the relevant instrument as at the time set out in the Collateral List on the Clearinghouse Business Day in respect of any End of Day Margin Determination and as at the time set out in the Collateral List on the Clearinghouse Business Day prior to the day on which any such other determinations are made, unless in each case the Clearinghouse in its absolute discretion determines otherwise. Unless otherwise stated in the Collateral List, the Clearinghouse shall take the market price of each such instrument from such publicly available sources as the Clearinghouse determines in its discretion is appropriate.
- 5.3.6 The Clearinghouse shall, in respect of any End of Day Margin Determination, on each Clearinghouse Business Day provide the Account Holder with a Margin Requirement Report. If there is a Collateral Deficiency in relation to such Margin Requirement Report, the Account

Holder shall provide Collateral to the value of such Collateral Deficiency by the End of Day Margin Delivery Time. Unless otherwise agreed, the Margin Requirement Report shall be provided by the Clearinghouse to the Account Holder not later than 8.00 a.m. A failure to provide any such Margin Requirement Report at the requisite time shall not invalidate the requirement of the Account Holder to provide Collateral in accordance with such determination.

5.3 Collection of Collateral through the Cash Optimization Service

5.4.1 An Account Holder may provide Collateral to the Clearinghouse in the form and manner as set out in the Procedures.

5.4.2 Each Account Holder shall provide the requisite value of Collateral by the Collateral Receipt Cut-Off Time to meet any Collateral Deficiency in respect of the End of Day Margin Determination. Each Account Holder shall be entitled to deliver Collateral as set out in the Collateral List to meet its obligations pursuant to the End of Day Margin Determination, subject that any Collateral received after the Collateral Receipt Cut-Off Time shall not be taken into account by the Clearinghouse in its determination as to whether the Account Holder has met its obligations pursuant to the End of Day Margin Determination.

To the extent the Clearinghouse has not received all of such Collateral by the Collateral Receipt Cut-Off Time, the Clearinghouse shall take steps to collect any remaining required Collateral through the Cash Optimization Service. The use of the Cash Optimization Service is without prejudice to the continuation obligation of the Account Holder to provide Collateral in accordance with the Clearing Rules and a failure to provide the requisite value of Collateral through the Cash Optimization Service shall be deemed to be a failure by the relevant Account Holder to provide Collateral in accordance with its obligations herein.

5.4.3 To the extent there is a Collateral Deficiency on any Clearinghouse Business Day in respect of a Margin Requirement Account, any cash in aggregate due to the Account Holder arising out of the Cash Settlement of Clearing Transactions recorded on that Margin Requirement Account may be used to reduce such Collateral Deficiency up to the amount of the Collateral Deficiency, in accordance with the provision of the Cash Optimization Service as set out in Section 6.4. In taking such action, the Clearinghouse will record the relevant amount of cash due to the Account Holder arising out of such Cash Settlement to have been paid to the Account Holder, as the case may be, and an equivalent amount of Cash Collateral to have been received in the Collateral Custody Account.

5.4.4 To the extent there is a Collateral Surplus on any Clearinghouse Business Day in respect of a Margin Requirement Account and an amount is in aggregate due to be paid by the Account Holder arising out of the Cash Settlement of the Clearing Transactions recorded on that Margin Requirement Account, the Collateral Surplus may be used to reduce the amount due in Cash Settlement up to the amount due, in accordance with the provision of the Cash Optimization Service as set out in Section 6.4. In taking such action, the Clearinghouse will record the relevant amount of cash due in Cash Settlement to have been paid and an equivalent amount of Cash Collateral to have been paid from the Collateral Custody Account.

5.4.5 If, after the application of Section 5.4.3, there remains a Collateral Deficiency outstanding, the Account Holder shall provide the requisite value of Collateral to cover the remaining Collateral Deficiency, in accordance with the provisions herein.

If, after the application of Section 5.4.4, there remains a Collateral Surplus, the Clearinghouse shall, subject to the provisions herein, provide such Collateral Surplus to the Account Holder in accordance with the provisions herein.

5.4 Intraday Margin Requirements and Extraordinary Margin Requirements

5.5.1 The Clearinghouse will carry out calculations of the Margin Requirement(s) regularly intraday. The Clearinghouse may issue an Intraday Margin Requirement at its own discretion. Where so determined, the Account Holder shall provide Collateral corresponding to the value of the Collateral Deficiency not later than ninety (90) minutes after the Clearinghouse issued such Intraday Margin Requirement. A failure to provide a notice in respect of such Intraday Margin Requirement at the requisite time, shall not invalidate the ability of the Clearinghouse to request such Collateral nor the requirement of the Account Holder to provide Collateral. Following a request by the Account Holder, the Clearinghouse will provide the basis for the new calculation. Intraday Margin Requirements may be calculated following the procedures in Section 5.1 and 5.3.

- 5.5.2 If the relevant risk exposure is significantly reduced within ninety (90) minutes of the determination of an Intraday Margin Requirement, the Account Holder may request that the Clearinghouse recalculate the Intraday Margin Requirement, which request the Clearinghouse may accept or not in its absolute discretion. Following any such recalculation, the Clearinghouse shall notify the Account Holder of the revised Intraday Margin Requirement. The Account Holder shall provide Collateral corresponding to the value of the Collateral Deficiency pursuant to such revised Intraday Margin Requirement to the Clearinghouse not later than within ninety (90) minutes of the issue of the original Intraday Margin Requirement.
- 5.5.3 The Clearinghouse may issue an Extraordinary Margin Requirement to an Account Holder if the Clearinghouse decides that special circumstances so require, including, but not limited to:
- a. an increase in market share;
 - b. breach of any membership criteria set out in Section 2 of Membership Requirements (Clearing Appendix 8);
 - c. matters that indicate a higher credit risk in respect of the Account Holder (e.g., not meeting the required Credit Scores as per the Credit Scoring Guidelines);
 - d. breach of an exposure limit applicable to such Account Holder, as provided for in the Exposure Limit Guidelines;
 - e. matters that indicate a higher financial crime risk in respect of the Account Holder (e.g., not meeting the required FC Risk Scores as per the FC Risk Scoring Guidelines);
 - f. matters that indicate early warnings in respect of 5.5.3(b), (c),(d) and (e), e.g. late payments, information that demonstrates adverse results, sanctions, high exposure limit utilization, deterioration of Credit Scores as per the Credit Scoring Guidelines;
 - g. failure to provide information in accordance with Section 3.11; and/or
 - h. any such other circumstances as are regarded by the Clearinghouse, in its sole discretion, as requiring the application of an Extraordinary Margin Requirement.
- 5.5.4 Extraordinary Margin Requirements may be calculated in accordance with the procedures in Section 5.1 and 5.3. The Clearinghouse may also apply any other risk calculation procedure the Clearinghouse considers prudent.
- 5.5.5 Without any prejudice to its rights under any other provisions in the Clearing Rules, the Clearinghouse may monitor all Transactions and Open Positions in Exchange Listed Products and Clearing Listed Products. If the Clearinghouse finds that an Account Holder holds more than fifteen per cent (15%) of all positions in one Series, the Clearinghouse may calculate an Extraordinary Margin Requirement based on such increased risk interval as the Clearinghouse finds appropriate. The Clearinghouse may require that the relevant Account Holder also discloses Transactions that are not subject to Clearing.
- 5.5.6 The Account Holder shall provide Collateral corresponding to the value of any Collateral Deficiency not later than ninety (90) minutes after the Clearinghouse has determined the need for an Extraordinary Margin Requirement. A failure to provide a notice at the requisite time shall not invalidate the ability of the Clearinghouse to request such Collateral nor the requirement of the Account Holder to provide such Collateral.

5.5 Miscellaneous

- 5.6.1 Any determination as to a requirement to provide Collateral pursuant to an Intraday Margin Requirement and/or Extraordinary Margin Requirement is without prejudice to any other determination to provide Collateral that remains outstanding, whether pursuant to an End of Day Margin Determination, another Intraday Margin Requirement or another Extraordinary Margin Requirement. Where an Account Holder is subject to more than one requirement to provide Collateral at the same time, the obligation of the Account Holder is to provide the amount of Collateral to meet the Collateral Deficiency then existing for each Margin Requirement as they fall due, taking into account the value of any Collateral provided pursuant to an earlier margin requirement.

- 5.6.2 A Direct Clearing Client may elect to appoint a third party to manage the provision of Collateral on its behalf. If such appointment is approved by the Clearinghouse in its sole discretion, the Margin Requirement Report and any other notices to be provided by the Clearinghouse to the Direct Clearing Client shall also be made available to such third party.

6 SETTLEMENT PROCEDURES

6.1 General

- 6.1.1 Settlements shall be carried out in accordance with the Clearing Rules. The Contract Specifications may set out individual requirements in relation to the Settlement of individual Products, which shall prevail in case of conflict with these General Terms.
- 6.1.2 The Counterparties shall co-operate with each other in relation to Settlements (including Cash Settlements and Deliveries) and do such things as are necessary and reasonably requested by the Clearinghouse in order to carry out any Settlements pursuant to the Clearing Rules.
- 6.1.3 Notwithstanding anything to the contrary herein, the Clearinghouse may issue and each Account Holder agrees to accept invoices from the Clearinghouse in respect of Clearing Transactions, and each Account Holder further agrees not to raise any other invoice in respect of any Clearing Transaction.
- 6.1.4 Binding set-off (payment netting) has taken place once the Clearinghouse has calculated the relevant Cash Settlement Amount and made the other relevant calculations in connection with Cash Settlement and the Cash Optimization Service. Cash Settlement in accordance with Section 6.2 is final and binding to all parties involved except as explicitly set out herein.
- 6.1.5 An Account Holder may not set off any Cash Settlement obligation to or from the Account Holder against any Cash Settlement obligation to or from the Clearinghouse, regardless of whether or not such obligations are due or/and mature.
- 6.1.6 Without prejudice to its other rights and remedies, the Clearinghouse may set off any matured obligation due to or from an Account Holder against a matured obligation due to or from the Clearinghouse under these Clearing Rules, regardless of the place of payment or currency of either obligation, provided that obligations due to an Account Holder's Client Clearing Accounts may not be off-set against obligations due from such Account Holder's other Clearing Accounts. If the obligations are in different currencies, the Clearinghouse may convert either obligation at the currency exchange rate offered to the Clearinghouse in its usual course of business at the time of the set-off to effect the set-off.

6.2 Cash Settlement Procedures

- 6.2.1 On each Clearinghouse Business Day, the Clearinghouse shall determine the Cash Settlement Amount for each Clearing Transaction in accordance with the relevant Contract Specification, by aggregating and off-setting all relevant amounts, including all fees due to the Clearinghouse, the Exchange and any Third Party Exchange.
- 6.2.2 In respect of each Settlement Day and in respect of each Margin Requirement Account, the Clearinghouse shall calculate the Cash Settlement Amount for each Clearing Transaction to which Cash Settlement applies that is recorded in respect of such Margin Requirement Account. The Cash Settlement Amount for each Clearing Transaction shall be calculated in the currency applicable to the respective Series as stated in the Contract Specifications. Following completion of its calculations, the Clearinghouse shall produce a Cash Settlement Report with respect to the payments to be made or received in respect of each Margin Requirement Account held or administered by an Account Holder. The Cash Settlement Report shall aggregate, for each Clearing Transaction to which Cash Settlement applies in the Margin Requirement Account, the amount to be paid or received by the Account Holder.
- 6.2.3 The Cash Settlement Report shall be made available to the Account Holder by 8.00 a.m. on the Settlement Day. A failure to provide any such Cash Settlement Report at the requisite time shall not invalidate the requirement of the Account Holder to provide any amount due.
- 6.2.4 Where the Cash Settlement Report details an aggregate amount is due to the Account Holder and there is a Collateral Deficiency on the relevant Margin Requirement Account, such amount shall be used to set-off the Collateral Deficiency in respect of that Margin Requirement Account in accordance with Section 5.4.3.

Where the Cash Settlement Report details an aggregate amount is due to be made by the Account Holder and there is a Collateral Surplus on that Margin Requirement Account, such amount shall be used to set-off any applicable cash Collateral Surplus in respect of that Margin Requirement Account in accordance with Section 5.4.4.

- 6.2.5 On the Settlement Day, where an amount remains outstanding further to the application of Section 6.2.4 relating to Cash Settlement in any of the Permitted Currencies, each Account Holder must, not later than 9.30 a.m. on the Settlement Day have at its disposal the necessary balance or credit facilities for debit on each relevant Cash Collateral Bank Account.

The Clearinghouse thereafter issues payment instructions for debiting of the relevant Cash Collateral Bank Account and receives electronic confirmation from the Approved Settlement Bank. The payments shall be processed in accordance with the provision of the Cash Optimization Service as set out in Section 6.4.

- 6.2.6 The Clearinghouse issues payment instructions for exchange of payments in the respective concentration bank between the Approved Settlement Banks. Thereafter, the Clearinghouse issues payment instructions not later than 2.00 p.m. (or 4.00 p.m. in respect of USD) for crediting of net settlements on the Account Holder's designated Cash Collateral Bank Account, in accordance with the provision of the Cash Optimization Service as set out in Section 6.4.

6.3 Delivery Procedures

- 6.3.1 Assets (other than cash) that are deliverable under the Clearing Rules shall be Delivered in accordance with the terms of each applicable Clearing Transaction and these Clearing Rules.
- 6.3.2 All deliverables under any Clearing Transaction shall be compliant with the applicable Contract Specifications and shall be Delivered to the receiving Counterparty with full and valid title, free and clear of all liens, security interests, claims and encumbrances or any interest in or to them by any person (except where in favour of the receiving Counterparty).
- 6.3.3 The risk of loss related to the applicable deliverables or any portion of them transfers to the receiving Counterparty upon completed Delivery. A Delivery shall be deemed completed for the purposes of these Clearing Rules when the relevant deliverables are visible at the applicable Delivery Point of the receiving Counterparty without any possibility of revocation by the delivering Counterparty, and any and all other requirements pursuant to these Clearing Rules in relation to the Delivery are satisfied, including all regulatory or other approvals that may be required from the delivering Counterparty.
- 6.3.4 Deliverables owing from the Clearinghouse within a Series are, unless as otherwise set out in the individual Contract Specifications and subject to the Clearinghouse's Delivery obligations vis-a-vis the Account Holder, distributed as fungible instruments on a randomized basis. Account Holders shall have no right to receive any specific deliverables under any Clearing Transaction, and any correlation between the deliverables received from the selling Account Holder in a Clearing Transaction and the deliverables distributed by the Clearinghouse to the buying Account Holder in the corresponding Clearing Transaction shall be deemed purely coincidental.

6.4 Cash Optimization

- 6.4.1 The Clearinghouse provides a Cash Optimization Service with respect to the provision of Collateral and the payment and/or receipt of Cash Settlement Amounts. Pursuant to the Cash Optimization Service, for each Account Holder, the Clearinghouse will create one or several Cash Optimization Account(s).
- 6.4.2 In respect of each Account Holder, the Clearinghouse shall determine, for each Permitted Currency, the aggregate amount to be paid or received by the Account Holder in respect of each of such Account Holder's Margin Requirement Accounts in relation to the payments arising from each Margin Requirement Report and each Cash Settlement Report of such Account Holder. Having made such determination, the Clearinghouse shall provide a Payments Report to the Account Holder. A failure to provide a Payments Report at the requisite time shall not invalidate the ability of the Clearinghouse to request such Collateral nor the requirement of the Account Holder to provide Collateral.
- 6.4.3 In making such determinations as to amounts to be paid in each Permitted Currency, the Clearinghouse shall act in accordance with the Procedures.

- 6.4.4 The Cash Optimization Account is an account utilised solely to facilitate the payment of the aggregate amounts due to or from the Account Holder. Any payments made to or from such Cash Optimization Account shall be deemed provided to or from each of the Collateral Custody Accounts at the point the amount set out in the Payments Report is paid by or to the Clearinghouse. The Cash Optimization Service does not affect the segregation of each of the relevant accounts as otherwise set out in these Clearing Rules.
- 6.4.5 The Clearinghouse shall ensure that all payments set out in the Payments Report are made through the direct debit or credit facility as provided by each Account Holder pursuant to Section 3.4.2. Each Account Holder must ensure that there are sufficient funds in the relevant Cash Collateral Bank Account(s) in order for such payments to be made.
- 6.4.6 The Cash Optimization Service shall be operated in accordance with the Procedures. In the event of a conflict between the Procedures and these Clearing Rules, the Clearing Rules shall prevail.

6.5 Tax and VAT matters

- 6.5.1 Each Counterparty is responsible for any and all VAT payable by that Counterparty in connection with a Clearing Transaction, without any reimbursement or indemnification from the other Counterparty unless as set out below.
- 6.5.2 All Cash Settlement Amounts shall be exclusive of VAT, with the exemption that the Clearinghouse will charge VAT if this is required under applicable law.
- 6.5.3 Each Counterparty shall cause to pay any and all taxes legally payable by that Counterparty arising in connection with a Clearing Transaction, with no further charge, reimbursement or indemnification irrespectively if the Counterparty is required by law to pay any tax which is properly for the account of the other Counterparty.

6.6 Settlement Errors

- 6.6.1 The Account Holder shall, if it believes that a Settlement has been carried out incorrectly, notify the Clearinghouse as soon as possible and not later than sixty (60) minutes after the beginning of Clearinghouse Opening Hours on the Bank Day immediately following the Bank Day on which the relevant Settlement took place, failing which the Account Holder will be bound by the Settlement. In connection with such request, the Account Holder shall, in addition to stating the matter to which the request refers, provide information regarding the Series, number of Contracts affected, and the account numbers in question. Additional settlement error procedures may be set out in the Contract Specifications in relation to individual Products.

- 6.6.3 The Clearinghouse shall as soon as possible deal with timely complaints. The Clearinghouse will perform a corrected Settlement on the next Bank Day if all Account Holders concerned consent to the correction claimed. If not all Account Holders concerned consent to the correction the Clearinghouse will determine whether there has been an erroneous Settlement and, if the Settlement was incorrect, carry out a corrected Settlement between the parties involved as part of the Daily Cash Settlement with two (2) Bank Days written notice.
- 6.6.4 Irrespective of the time limits above, the Clearinghouse may carry out a corrected Settlement in the event of substantial errors:
 - a. with respect to corrections of errors in Exchange Transactions as determined in accordance with the Trading Rules;
 - b. in respect of errors in a Spot Reference Fix or Index, where the Clearinghouse has applied an erroneous Spot Reference Fix or Index, as relevant; or

- 6.7.2 If a Counterparty, following the resolution of a dispute or otherwise to correct any mistaken overpayment or underpayment made in good faith, is to pay an amount to the other Counterparty, interest shall be payable on that amount. The interest rate shall be (i) EURIBOR in respect of claims in EUR; (ii) SONIA in respect of claims in GBP; (iii) the Danish Central Bank Policy Rate (Danmarks Nationalbank's lending rate) in respect of claims in DKK; (iv) the Norwegian Central Bank Policy Rate (Norges Bank's sight deposit rate) in respect of claims in NOK; (v) the Swedish Central Bank Policy Rate (Repo rate) in respect of claims in SEK; and (vi) the Federal Funds Rate in respect of claims in USD, all as applicable from time to time with the addition of one percent (1%) interest compounded monthly from the date when the amount would have been paid or not paid (as applicable) if the dispute, overpayment or underpayment had not occurred, until but excluding the date payment is made.
- 6.7.3 If any of the interest rates above ceases temporarily or permanently to be published then the Counterparty entitled to payment may substitute a rate published by a European clearing bank that it in good faith considers to be equivalent to that rate and which is generally accepted as such.
- 6.7.4 The provisions of this Section 6.7 shall not apply to any payment to the extent a delay fee is payable under the Fee List in relation to such payment.

- 8.4.3 Following suspension by the Clearinghouse of a Direct Clearing Agent, the following shall apply:
- a. - 8.5.4 Following a Material Default Event and subject to the application of relevant remedies, any excess cash balance or Collateral shall be released to the Direct Clearing Client after coverage of the Clearinghouse's final, undisputed and due claims.

 - g. The entity causes or is subject to any event with respect to which, under the applicable laws of any jurisdiction, has an analogous effect to any of the events specified in letters (a) to (f) above.

8.7 General Provisions for Insolvency Events involving an Account Holder

- 8.7.1 If an Account Holder is subject to an Insolvency Event, the Clearinghouse may terminate all Open Positions in the Account Holder's Clearing Account(s) with immediate effect.
- 8.7.2 The value of the positions terminated under Section 8.7.1 shall be determined by reference to any price that would have been obtainable by the Clearinghouse if carrying out a Close-Out Transaction for the positions at any time within three (3) Bank Days after it became aware of the Insolvency Event. To the extent such valuation is in conflict with mandatory law which is applicable to the Account Holder and has extra-territorial application to the Clearinghouse, the value shall be determined mutatis mutandis in accordance with such applicable law.
- 8.7.3 Subject to Sections 8.2.2 and 8.3.2, the amounts resulting from the valuation pursuant to Section 8.7.2 shall be netted and aggregated with any Losses by the Clearinghouse. The resulting net amount shall be paid by the Account Holder or the Clearinghouse (as applicable) in the next Daily Cash Settlement.

8.7.4 This Section 8.7 shall prevail in case of conflict with Sections 8.1 through 8.6 (inclusive).

8.8 Default or Insolvency of the Clearinghouse

- 8.8.1 In the event that the Clearinghouse is in default of its obligations under the Clearing Rules, Account Holders may terminate their Clearing Agreement with effect from the moment no Open Positions are registered in the Clearing Accounts which the Account Holder is responsible for and all Cash Settlements and Deliveries have been finalised, including the associated Direct Clearing Accounts of Direct Clearing Clients in case of Direct Clearing Agents.
- 8.8.2 A "Material Default" by the Clearinghouse exists if the Clearinghouse breaches a Settlement or Delivery obligation (other than to a defaulting Account Holder) and such breach is not remedied within twenty (20) Bank Days after the relevant Settlement or Delivery is due.
- 8.8.3 An Account Holder may, in the event that the Clearinghouse is in Material Default as defined above, terminate any or all Open Positions registered in its Clearing Accounts by designating an early termination date by giving the Clearinghouse not less than twenty (20) Bank Days' written notice.
- 8.8.4 In the event that the Clearinghouse files for bankruptcy proceedings or is declared bankrupt, all Open Positions with the Clearinghouse are automatically terminated.
- 8.8.5 Upon a termination under Sections 8.8.3 or 8.8.4 the Account Holder shall calculate a positive or negative value of the terminated Open Positions on the basis of the latest listed price for the relevant Series or, where no such price is available, the market value of such Clearing Transaction, in either case at the time of termination, these values to be aggregated and netted to a single close-out amount for all relevant Clearing Transactions (in each case expressed in EUR or such other currency as approved in writing by the Clearinghouse). Such calculation shall be made on an account by account basis, provided that it shall be permitted to consolidate two or more accounts if the Account Holder and, where relevant, the underlying Client(s) are identical in respect of all such accounts.
- 8.8.6 The Account Holder is not required to enter into replacement Transactions in order to determine the close-out amount. The Account Holder may, if appropriate and to the extent this does not represent double coverage, calculate its Loss (in each case expressed in EUR or such other currency as approved in writing by the Clearinghouse), in connection with the termination of Open Positions on each such account in respect of the default by the Clearinghouse and set off the Loss against any payment obligation towards the Clearinghouse in respect of the same account(s). To the extent not taken into account when determining the close-out amount or any Loss, the Account Holder may furthermore set off an amount owing by the Clearinghouse to the Account Holder in respect of Collateral that the Clearinghouse is due to return to the Account Holder in respect of each account and that the Account Holder has provided to the Clearinghouse on a title transfer basis against any remaining payment obligation toward the Clearinghouse in respect of the same account(s). A net amount remaining is for the purposes of this Section 8.8 referred to as a "**Termination Amount**".
- 8.8.7 The Account Holder shall notify the Clearinghouse in writing of the Termination Amount(s) calculated, including detailed support for the calculation. If a Termination Amount is positive, the Clearinghouse shall pay such Termination Amount to the Account Holder in EUR within fifteen (15) Bank Days of invoice or notification, which amount shall bear interest in accordance with Section 6.7. If a Termination Amount is negative, the Account Holder shall pay an amount in EUR equal to the absolute value of such Termination Amount to the Clearinghouse within thirty (30) Bank Days of the termination under Section 8.8.3 or 8.8.4, and any such amount shall bear interest in accordance with Section 6.7.
- 8.8.8 The Account Holder may however, at its option, set off the obligation to pay a Termination Amount under Section 8.8.7 against any other amounts owing (whether or not matured, contingent or invoiced) of the Clearinghouse in favour of the Account Holder, save that Termination Amounts owing of the Clearinghouse in respect of Client Clearing Accounts or Direct Clearing Clients' Direct Clearing Accounts may not be used for such set-off. However, the Account Holder shall not be allowed to set off such payment obligation against the value of any Default Fund contributions owing by the Clearinghouse to the Account Holder. The Account Holder shall provide the Clearinghouse with detailed support of any amounts used for set-off. This right of set-off is without prejudice and in addition to any other right of set-off, combination of accounts, lien, charge or other right to which the Account Holder is at any time otherwise entitled (whether by operation of law, by contract or otherwise).

- 8.8.9 If an amount is unascertained, the Account Holder may reasonably estimate the amount to be set off. The parties shall make any adjustment payment required within three (3) Bank Days of the amount becoming ascertained.
- 8.8.10 If the Clearinghouse disputes any Termination Amount under this Section 8.8, it shall notify the Account Holder as soon as practically possible and pay the lesser amount as calculated by the Clearinghouse by the due date in accordance with Section 8.8.7, subject to payment of any further amount together with interest calculated in accordance with Section 6.7 once the dispute has been settled or determined.

8.9 The Clearinghouse's Duty of Notification

- 8.9.1 The Clearinghouse shall as soon as practicable inform the Account Holder (and the Direct Clearing Agent, where relevant) in writing of any measures that have been taken under Sections 8.1-8.7 in accordance with the Default Notification Procedures.
- 8.9.2 The Clearinghouse shall provide the Account Holder with a written account stating the measures taken and the Account Holder's remaining Open Position and other obligations (if any) between the Account Holder and the Clearinghouse following the Clearinghouse's finalisation or exhaustion of such measures.
- 8.9.3 Prior to calling a Default Event, the Clearinghouse shall immediately contact the competent authority or other exchange or clearing organisation or governmental authority or regulatory body as required by applicable law and regulation.

9 LIABILITIES AND FORCE MAJEURE

9.1 Force Majeure

- 9.1.1 If a Force Majeure Event prevents a Counterparty from performing any obligation under these Clearing Rules at the prescribed time in whole or in part, the time for performance of such obligation shall be suspended for as long as the Force Majeure Event persists subject to Sections 9.1.2 and 9.1.4. The other Counterparty shall be entitled to suspend its obligations towards the affected Counterparty accordingly.
- 9.1.2 If it is clear that a Force Majeure Event persists or will persist for more than three (3) Bank Days (excluding the day on which the Force Majeure Event occurs) in relation to an Account Holder, and provided that the Account Holder fails to meet its Margin Requirement or its Settlement obligations within the applicable time limits, the Clearinghouse shall be entitled to invoke its rights pursuant to Section 8 notwithstanding Section 9.1.1, provided that the Clearinghouse shall (to the extent possible) give prior notice to the Account Holder and take reasonable account of the Force Majeure Event (including its anticipated perseverance) and the Account Holder's reasonable requests (if any) when invoking such rights.
- 9.1.3 If a significant portion of the Account Holders and/or the Settlement Banks, and/or the Clearinghouse, is subject to a Force Majeure Event, the Clearinghouse may declare a state of general force majeure in relation to all affected Counterparties. In such case, the Clearinghouse may temporarily suspend the affected Counterparties' obligations and/or invoke alternative arrangements, or implement such other similar measures as it deems necessary and appropriate in order to mitigate the effects of such circumstances and to ensure the fair and orderly settlement, price formation or integrity of any Contract, taking into account the reasonably anticipated interests of all affected Counterparties.
- 9.1.4 A Counterparty shall only be entitled to claim relief due to a Force Majeure Event under this Section 9.1 if the Counterparty:
- a. complies with Sections 9.1.5 or 9.1.6 (as applicable); and
 - b. continues to seek to perform its obligations under the Clearing Rules to the best of its abilities.
- 9.1.5 An Account Holder seeking relief under Section 9.1.1 shall:
- a. notify the Clearinghouse as soon as practically possible after it becomes aware (or should reasonably have become aware) of the Force Majeure Event, reasonably evidencing that a Force Majeure Event has occurred; and
 - b. as soon as practically possible provide to the Clearinghouse a non-binding estimate of the likely effect on the performance of its obligations and the extent and expected duration of its inability to perform its obligations under the Clearing Rules, and shall

provide reasonable updates, when and if available, of the extent and expected duration of the Force Majeure Event; and

- c. on request promptly provide all further information required by the Clearinghouse to determine whether a Force Majeure Event has occurred and/or information in relation to affected Clearing Transactions; and
- d. promptly take such actions in respect of Clearing Transactions as the Clearinghouse deems reasonably necessary or desirable to manage the continued operation of the relevant market and/or Clearing of Transactions in light of the Force Majeure Event.

9.1.6 The Clearinghouse shall, as soon as practically possible after it becomes aware of a Force Majeure Event affecting the Clearinghouse, notify all affected Account Holders of the Force Majeure Event and, to the extent then available, provide a non-binding estimate of the likely effect on the performance of its obligations and the extent and expected duration of its inability to perform its obligations under these Clearing Rules. The Clearinghouse shall use all commercially reasonable efforts to mitigate the effects of the Force Majeure Event and shall, during the continuation of the Force Majeure Event provide all affected Account Holders with reasonable updates, when and if available, of the extent and expected duration of the Force Majeure Event.

9.1.7 A Counterparty that is subject to a Force Majeure Event shall not, subject to its compliance with this Section 9.1, be liable for any loss or damage caused by such Counterparty's non-performance of its other obligations under these Clearing Rules, and a Counterparty may not use any claim relating to such loss or damages as grounds for set-off or withholding of its obligations towards another Counterparty. Notwithstanding the foregoing, interest in accordance with Section 6.7 will accrue even in case of a Force Majeure Event.

9.2 Exclusion of Liability

9.2.1 The Counterparties shall not be liable for any loss or damage that may arise as a result of any act governed by the Clearing Rules, provided that the Counterparty has not acted negligent or intentional. For the avoidance of doubt this Section shall not limit the Counterparties' obligations in relation to Settlement or Margin Requirements.

9.2.2 Save as explicitly set out in these Clearing Rules, the Clearinghouse shall have no liability to any Account Holder or Non Exchange Trading Broker in connection with performance or non-performance of its obligations under these Clearing Rules to the extent such performance or non-performance is a result of:

- a. the occurrence of any Default Event in relation to the Account Holder or its Collateral Provider;
- b. any delay or failure by the Account Holder in the performance of its obligations to the Clearinghouse;
- c. the Clearinghouse acting or relying in good faith on any communication in accordance with Section 10.4;
- d. the performance or non-performance of any Counterparty or entity other than the Clearinghouse (or its nominee) under the Clearing Rules;
