

NORDIC EXTRANET PROVIDERS

Updated 2026-06

To connect to Nasdaq, firms can go through an Extranet or a Direct Circuit connection. The following list shows the local access carriers that can provide Extranet connectivity the Nordic markets. Please contact them directly for more information. If your preferred carrier is not shown below, they may still gain access by using one of the local access providers listed.

The provider of the service is responsible for the contact information below and Nasdaq do not take any responsibility in the correctness.
