

# Nasdaq Remote Hands

**Nasdaq offers through its professional and highly skilled data center engineers remote hand services 24 hours a day, 7 days a week, 365 days a year. Whether you require technical assistance with installing or replacing equipment, troubleshoot connections or returning defective parts to the manufacturer we are there to assist your business.**

Using the remote hands service customers will be able the following on-site technical support functions:

- Power cycling of equipment;
- Patching and plugging in cabling and circuits;
- Observing, describing or reporting on display indicators;
- Configuration of hardware components instructed by the Customer;
- Diagnosis and repairs as instructed by the Customer;
- Swapping hardware components with customer-supplied spares or upgrades;
- Troubleshooting heat related issues as instructed by the Customer;
- Returning defective equipment to the manufacturer or customer (Customer is responsible for shipping and handling charges).

## Service programs

Nasdaq provides the customer the possibility to subscribe to different service programs; Silver and Gold. Each program provides a set of services at a fixed price.

SERVICE	SILVER	GOLD
