Nordic Index Web API – Access fee	€ 600	Web API access to Nasdaq index data.
Nordic Equity Derivatives Web API – Access fee	€ 1,260	Web API access to Nasdaq Nordic Equity Derivatives data.

The Nasdaq Nordic Web API (**WAPI**) is an easy to implement data solution that supplies Real-Time or End-of-Day data prices through a secure website to, for example, web sites or custom market data applications.

WAPI is a service that eliminates the need for coding and connectivity towards other protocols and feed solutions (i.e. TIP, ITCH).

- WAPI can be accessed through HTTP or HTTPS.
- XML, JSON or JSONP formatted data
- WAPI supports REST
- WAPI supports quote, orderbook, trades and historical data requests

Display or non-display usage fees apply and are supplemental to the WAPI fees outlined above.
